The spiritual development of every student is at the heart of life at St Benedict's.

We recognise that we are all uniquely created in the image and likeness of God and are called to imitate Christ in our daily lives. We value academic rigour, hard work and pastoral support as the means for each student to achieve their God-given potential. We are committed to working in partnership with parents and carers to encourage every student to pursue their highest ambitions in the pursuit of excellence.

As one of the largest school sixth forms in the country, with over 350 students on roll, we are able to offer a broad range of vocational and academic courses for our students.

We seek to provide excellent teaching in all subject areas and an outstanding learning environment, with study and social facilities second to none. We also have high expectations of our students' attendance, punctuality and uniform as we strive to prepare them for their professional futures.
